

Dear friends of Parole de Vie,

What security, joy and assurance we have in Jesus Christ! Coming to earth, He humbled Himself out of love in order to reach a world contaminated by sin... He overcame death and is now seated victorious and sovereign in the highest places! In this unique Christmas season, let us remember our position in Christ and the hope we have in Him. In fact, the theme of our year at Parole de Vie is DIEU EST INFAILLIBLE (GOD IS TRUSTWORTHY - Psalm 62:8). He is our refuge and support.

In addition to rejoicing in God's coming to earth, we look forward to continuing our program and courses in person. At one student per room, our dormitories are almost full! By the way, we are accepting students for the winter semester! Tell others about it! ([paroledevie.ca/admissions](http://paroledevie.ca/admissions))

Despite the application of sanitary measures, God has opened some doors for us to serve in our community! In July, we helped many in need as they moved in Sherbrooke, this fall we helped Parole de Vie's neighbors by raking leaves and we were able to be a light on Halloween with a non-contact candy distribution system.

We also had to adapt the practical ministries of the Bible School students. We challenged them to have a meaningful relationship with two of their friends in order to have a spiritual impact on their generation. Here is a testimony from one student:

*"I recently wanted to pursue a deeper relationship, even if it is at a distance, with a friend I was eager to contact. I believe it was the right time prepared by God because she is not a believer, she is not surrounded by a Christian community and she is alone. I am sure that God put her on my heart at that very moment. My hope and prayer is that the time I spend with her will give me opportunities to talk about THE Truth and show her love." - Eden*

We also praise God for the dedicated staff who had to adapt and use ingenuity to respect the sanitary rules and various restrictions.

For example, our language school teachers have to teach in a hybrid way (face-to-face and online) since American students cannot cross the border at the moment.

Thanks to the generosity of many, in 2020 we were able to renovate the men's dormitory, begin work on the skating rink/basketball court, upgrade our internet network and install heat pumps in some of the campus apartments. Glory to God for his provision!
